

**We have a VERY SPECIAL TREAT for you!**

This band of talented young musicians from Humber College is brought together by [Jessica Sole](#) whom many of you know from our Rotary Gala. They will play throughout the evening - first providing background music and later picking it up a notch just in case you feel like dancing and singing and moving...

Jessica is going into her final year for a bachelor degrees in music and is a country singer and songwriter. She plays multiple instruments, including guitar and piano and has been performing in the Caledon area since she was 14. She put out her debut EP "Mosaic Art" two years ago, available on all streaming sites, which features three original songs. She will be working on her second EP this year at Humber College.

[Andrew Dawydchak](#) has finished his studies at Humber College and is pursuing a Bachelor of Music (Violin). Andrew is active in the music scene teaching, touring and recording. Andrew's Celtic band "DnA - Diana & Andrew" recently finished touring with grammy nominated and Juno winning Canadian fiddle icons Natalie MacMaster and Donnell Leahy. With new projects in the works amidst various artists and groups, Andrew is excited for what is to come in 2019.

[Brant Garratt](#) is a multi-instrumentalist and session musician residing Toronto. He plays with numerous musical acts of different genres, but considers country and bluegrass music to be his home base.

[Cole Jodouin](#) is currently working towards his degree at Humber College of Music. His experience primarily involves playing electric bass in pop, R&B and country bands but has also doubled on upright bass for musical theatre shows. His expanding resume includes playing at venues such as the Gravenhurst Opera House and theatre Collingwood.

Graduating high school with a music scholarship in 2015, [Jake Wiseman](#) has worked hard to build his resume. Jake is not only an accomplished drummer, but a talented guitarist, pianist, and singer. He has toured in the United States as well as much of Ontario with contemporary worship groups Neon and Apostle Project. He has also had experience playing in a pit band, for the touring musical "Godspell The Musical".

[Graham Young](#) has played in bands since his mid teens and has played alongside people such as Carlos del Junco, Jerome Tucker, Danielle Bourjeaud. He has also spent three consecutive years in the CCMA house band.
